The "new grownup" guide to managing your life and money in the modern economy No One Ever Told Us That is a series of essential life and financial lessons that every adult needs to read before they embark upon their own life's adventures. You've completed your education, your couch surfing, and your internships now it's time to grow up.

You have a "real" job, maybe a family, and maybe a mortgage but you've been launched into an uncertain world.

This book is your much-needed guide to life as an adult, giving you the answers you need about becoming a professional, becoming financially secure, and becoming your own person. You see the world differently when you spend your days supporting yourself and your family, and money management quickly becomes an integral part of everything you do. This useful guide shows you how to do what you need to do, find the people you need on your side, and fulfill your obligations to those who matter most to you. You may have been used to the idea of "independence" for a while by now, but when the reality of it hits, many new adults are thrown into a sudden state of panic.

This book is your guide through the storm, your handbook for adulthood, and your personal companion for the

journey ahead. \* John D.
