"A real insight into how it was for these women in a Sunderland major ship building yard ...The foundation book of a series. Which I shall be reading as each one is written. Loved it." (5 star real reader review). Sunderland, 1940, and the women go to the shipyards to do their bit for the war effort. Polly never dreamed she would be able to work in the shipyards like the men in her family but times are tough and her new job ends up giving her more than she ever expected when she meets enigmatic dock diver Tommy Watts. During the day, head welder Rosie teaches her fledgling flock of trainees their new trade, but at night she hides a secret life. And mother hen Gloria signs up to escape her brutal husband, but finds she cannot run from her problems.

The Shipyard Girls start off as strangers - but end up forging an unbreakable bond of friendship in the most difficult times.

Aker og Molde FK har samarbeidet i mer enn 20 år. Aker er et industrielt investeringsselskap som tilfører kapital og kunnskap i utvikling av bedrifter. Sylindere er belagt med en avansert bi-metall legering som er påført i to tynne lag, fremfor ett tykt. Dette gjør at legeringen fester seg bedre mot sylindere.
