This authoritative text gives a comprehensive account of the European Union's foreign policy.

Moving beyond the Common Foreign and Security Policy and the Common Security and Defence Policy, the authors demonstrate the scope and diversity of the EU's foreign policy and show how areas such as trade, development, environment and energy are inextricable elements of it. The book examines the EU's key foreign relations - with its neighbourhood, with the US, China and Russia, and with the emerging powers - and argues that the EU's foreign policy needs to be understood not only as a response to crises and conflicts, but also as a means of shaping international structures and influencing long-term processes. Setting its analysis in historical context, this second edition has been updated throughout to take account of contemporary developments following the Lisbon Treaty, and will continue to be an invaluable guide to understanding EU foreign policy. Tørr hud mangler vann. Akkurat som et murhus er bygd opp av teglsten med mørtel imellom, er hudoverflaten bygd opp av hornceller. Mellom disse cellene finnes det. Betingelser knyttet til bruk av Gjeldsoversikt.no og andre websider tilhørende Remedi AS.
